Well, I just landed.

I spoke with Tom about getting a definitive list of mdl Ds so we can sort out the overlap. I will send around our cplt within the hour

We should discuss what the Leads really want to accomplish with the stip, esp with respect to the track 1 Ds as New Jersey may afford us the only oppty to pressure astra etc to settle in the coming year. Jeff and I discussed this some time ago over coffee.

As we told saris, it would cover "overlapping" Ds
